ESUSE

Company Introduction:

Established in 1984, ESUSE Auto Parts Mfg. Co., Ltd. began as a manufacturer of vehicleheadlights, tail lights, and tuning lights and then focusing and expanding into OE style fog lights / universal driving light / auxiliary lights and related parts for vehicle and general use.

As environmental awareness and the importance to conserve energy continue to increase the use of LEDs as light sources, our company has also created various LED products for vehicle use, such as High power LED daytime running lights (DRL), LED fog lights, LED headlights, LED tail lights as well as LED working lamps, interior lamps, and street lamps.

For thirty years now our products have been marketing around the world under the brand name "ESUSE", and in that time we have acquired much experiences in the complete operation of R&D and design, development of molds, quality control, production and manufacturing, and shipping services for all kind of automotive lighting products, especially for Fog light & LED lights. ESUSE Auto Parts offers comprehensive, professional, and effective service to satisfy the diverse demands of our customers and service them with our enthusiasm as it's our attitude in doing business.

Our company continues to uphold the values of dedication and professionalism. As our new plant in Linkou 2nd Industrial Park has been finished in 2015, and we are integrating our departments and incorporating new equipment to be used in the design, testing, and production of our products.

Our goal is to continue to innovateand sharpen our skills to enhance the value of our brand and products and we are aiming to be a global well-known manufacturer in this field.

CERTIFICATION

Our Vision:

ESUSE Auto Parts insists on high-quality, continuous improvement, and always putting our customers first. Having first establishing a firm base of operations in Taiwan, we hope to expand to all corners of the world with high quality products that are made in Taiwan.

As a result of our striving to maintain the consistency of our manufacturing quality, we received in 2011 the international ISO / TS 16949 certification for quality management system in the automotive industry and passed the certification's inspections for three consecutive years. Our products comply with international regulations and standards for vehicle lights, and we have received the SAE certification from the United States as well as the ECE certification from the European Union, in addition to several patents. Not only do we focus on the quality of our products, but we also strive to create new innovative and quality products and put costumers first in order to provide better quality and service.

We pay special attention to the quality assurance of the products and believe that this is the best way to make products work as effectively as possible. We put an emphasis on quality
assurance as the key factor in project success, so we invest it in our customers' business success, and create more value to customers.

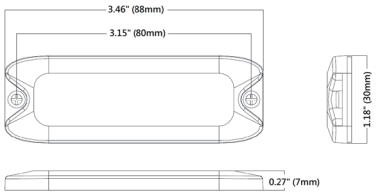
LED Light Head

LH01

ECE SAE

TP3 – Thin Pad 3 LED Lighthead

- 7mm super low profile
- Available in Bolt mount & adhesive mount
- Multi-voltage: 12~24VDC
- IP67
- Meets SAE J595, ECE R65 C1, ECE R10
- Color: Red, Blue, Amber, White



LH02

ECE SAE

TP6 – Thin Pad 6 LED Lighthead

- 7mm super low profile
- Available in Bolt mount & adhesive mount
- Multi-voltage: 12~24VDC
- IP67
- Meets SAE J595, ECE R65 C1, ECE R10
- Color: Red, Blue, Amber, White
